KRISCHAL OM POTE

I'm keen to land a full-time job where I can use my knowledge of web development and passion to support the expansion of a vibrant company. I am confident in my abilities to work with a group of engineers and designers to produce user-friendly and aesthetically pleasing online applications because I have a strong foundation in React, JavaScript, and HTML/CSS.

SKILLS

- Programming Languages: Javascript · Typescript · HTML & CSS · C · Python · JAVA · Flutter

A-level

Kathmandu University High School | 2015 - 2017

EXPERIENCE

FRONT-END DEVELOPER

Hamro Patro February 2023-Present

PROGRAM COORDINATOR (INTERNSHIP)

Deerwalk Compware July, 2022 - November, 2022

PORTFOLIO

BANK RATES

https://bank-rates.hamropatro.com/

- Bank Rates Viewing: Developed functionality to display current bank rates, ensuring users have access to up-to-date financial information from Nepali banks.
- Bank Scheme Comparison: Created a feature enabling users to compare schemes offered by various Nepali banks, empowering them to make informed financial decisions.
- EMI Calculator: Designed and integrated an EMI calculator to help users estimate their equated monthly installments based on loan amount, interest rate, and tenure.
- Interest Rate Tools: Implemented tools for calculating the rate required for doubling an investment and determining the time it takes for an investment to double, enhancing financial planning capabilities.

HAMRO BUS ROUTE

https://bus-tracking.alpha.hamrostack.com/

- UI Development: Designed and developed user-friendly interfaces for both administrators and users, ensuring seamless navigation and intuitive interaction with the system.
- GPS Device Integration: Integrated GPS devices with the system to track the real-time location of buses, enabling administrators to monitor routes and optimize scheduling.
- Geo-Fencing: Implemented geo-fencing capabilities to define virtual boundaries along bus routes, enhancing security and enabling automatic notifications when buses deviate from designated paths.
- User Location Display: Developed functionality to display users' current locations on the bus route map, providing them with real-time information on bus positions and estimated arrival times.
- Notification Alerts: Configured notification alerts to notify administrators if a traced vehicle exceeds the distance allocated for a specific route, facilitating proactive management of deviations and delays.

HAMRO HEALTH

https://health.hamropatro.com/

- User Preference Customization: Designed and integrated functionality for users to customize their preferences within the app, including weight and height preferences of user unit of choose, enhancing user experience and streamlining healthcare access.
- Doctor Profile Sharing: Developed a feature allowing users to share doctor profiles with others via QR code scanning or clipboard copy, enabling efficient communication and referral processes.
- QR Code Integration: Integrated QR code generation and scanning capabilities within the app to facilitate seamless sharing of doctor profiles, ensuring data accuracy and security.
- Clipboard Copy Functionality: Implemented functionality to copy doctor profiles to the clipboard for easy sharing via messaging apps or other communication channels, enhancing accessibility and user convenience.

HAMRO JYOTISH

https://jyotishsewa.hamropatro.com/

- Testimonial Integration: Designed and implemented a feature to display user testimonials prominently on the Hamro Jyotish website, showcasing authentic feedback and experiences from satisfied users.
- Attractive Testimonial Layout: Created visually appealing layouts for testimonials, incorporating engaging design elements and compelling copy to capture users' attention and evoke trust.
- Jyotish Call Integration: Integrated a feature enabling users to directly connect with Jyotish experts via phone or video call for personalized astrological consultations, enhancing user experience and accessibility to astrological services.
